Copy of petition dated 3rd February 1938 from Dr. T. Shivananda Sastry.

Cpy.

I wish to represent a few of the grievances, the Graduates of the Ayurvedic and Unani College are experiencing in their Life. As the matters stand at present the Graduates of this College have no official or social status. Though there is a Government Order to the effect that only Graduates of the College should, as chances occur, be employed by the District Boards and Municipalities, it is a pity that the local bodies are entertaining unqualified persons inspite of the fact that there are a good number of qualified persons available. Moreover the status of these graduates in pay and other respects are less than that of an ordinary peon. The Inspecting Officers are generally Sanitary Inspectors who know nothing of the principles of Ayurvedic and Unani medicine.

It is an admitted fact that the indegenous system of medicine is cheaper and more effective. It will be easy for Government to provide Rural Medical and Sanitary Help in a better manner at low cost. Still it is a wonder why the Government is often providing Allopathic Dispensaries at huge cost.

The Government is showing concessions to allopathic system of medicine in all possible ways but we unfortunate indegenous practitioners are getting nothing but blame and burden. We are not allowed to examine Life Assurance cases like the allopathic practitioners of the same status. We are not entitled for rural medical grants from the Government. The differential treatment for the two kinds of practitioners is receiving is too well known to need any explanation. It is really pitiable on the part of the Graduates of the Mysore Ayurvedic and Unani College that they are deprived of a suitable and deserving status in their career.

Our brothern indegenous practitioners are getting good encouragement in Bombay, Madras and United Provinces. It is our misfortune that there in Mysore is nothing done to better our

6 Returned with compliments.

7 Because Insurance examination has to be done by a particular method of observation and life values have to be assessed on observations made by that method, Ayurvedic Graduates do not use that method and therefore I am of opinion that their request cannot be viewed favourably

G Madhavarao
For Secretary,
Insurance Department.

THE GOVERNMENT OF MYSORE C. 1684 38-39 6 APR. 1939

(23)

The attention of the Presidents of District Boards and Municipal Councils may be invited to Governmen

NOTE--Contn. Sheet.

WD 0544—GPB—30,000—2-9-83

Circular Order No.L.6339-59/L.B.43-33-9 dated 15/19-2-1934, and they may be requested to strictly follow the orders of Government in making appointments.

ii) The question of extending the benefits of indigenous system of medicine to rural parts, at least in such of the places where the people want to have native Vaidyasalas and Dhavakhanas, may receive consideration by Government, in consultation with the District Boards, Municipalities and Village Panchayets.

iii) The Central Board of Indian Medicine, Madras, have divided the Practitioners into two Classes, 'A' and 'B', with different standards of status and prospectus:

> 'A' Practitioners:- Those whose qualifications denote at least a minimum standard of professional training for undertaking medical, surgical and medico-legal work.
>
> 'B' Practitioners:- Those whose 'ications denote at least a minimum stai professional training for undergoing medical work only.

A reference had been made to the Government of Madras, to recognise the diploma-holders of the Ayurvedic and Unani College, Mysore, under the above 'A' Class of Practitioners. The Government of Madras have suggested a course of action for the recognition of our diploma-holders by the Central Board of Indian Medicine, Madras, and further action is being taken (vide General Secretary's letter No.797/Muz.65-38-4 dated 21-11-1938) I consider that the question of raising the status of the Ayurvedic and Unani Graduates may await their recognition by the
